"HOME OF RANGERS"

When coming North on Highway 95 in Idaho you will come upon a small town by the name of Midvale. This beautiful valley was first known as "Middle Valley". The first settlers came here in the year of 1868. Our valley has always been known for its fine people and friendly ways. People live here because they like this pace of life.

In looking around you can see that Midvale is an agricultural valley with fine livestock, you will also notice during the growing season, the fields of wheat, grain, corn waving softly through the breeze. This reflects our own personalities. We have three churches here, two friendly merchandise and grocery stores, three gas stations and garages, laundry, cold storage and meat cutting plant, a new cafe and coffee shop, Post Office, and tavern.

This Bicentennial Year of 1976 the dedication of the beautiful new Library was held.

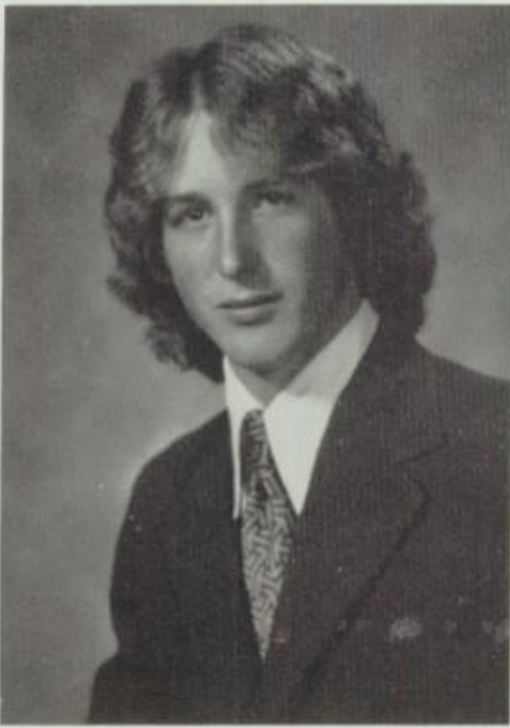

Our schools of District #433 is the hub of all activities, cares and joys of this community.

The students are Great! We are proud of our town, school and community.

RICH SYMBOLISM OF THE HONOR MEDALLION...

Globe—symbol of the world in which we all live and hope for unity and brotherhood.

Moon—symbolizes the achieving of mankind's ancient dream.

Sword—represents the determination of spirit, its handle turns into the Polaris Star, which from its unmoving position in the heavens, points the way to new achievements.

Chain—a twelve-linked, twelve-school-years chain, is symbolic of continuation from the past and into the future.

Winged Sandal—symbolizes fleetness and represents the skill of our athletes.

Lyre—ancient symbol of harmony, so necessary to those who are honored for their achievements in the arts and music.

Scales of Justice—the cornerstone of our nation and school houses.

Atom—serves to represent the modern technological sciences.

Owl and Book—symbolic of the knowledge gathered in the twelve links of schooling and the wisdom with which this knowledge will be employed in the years ahead.

Superintendent
Mr. Clark Gardner

OUR THANKS

We, the annual staff, of 1976 wish to take this means to thank everyone and special thanks to Mrs. Cecil Bruce and Mrs. Loyal Deardorff for helping to make this edition of "The Ranger" possible.

We hope that you have enjoyed looking through this 1976 Bicentennial year annual and recall pleasant memories of your association with Midvale High School.

Ramona,

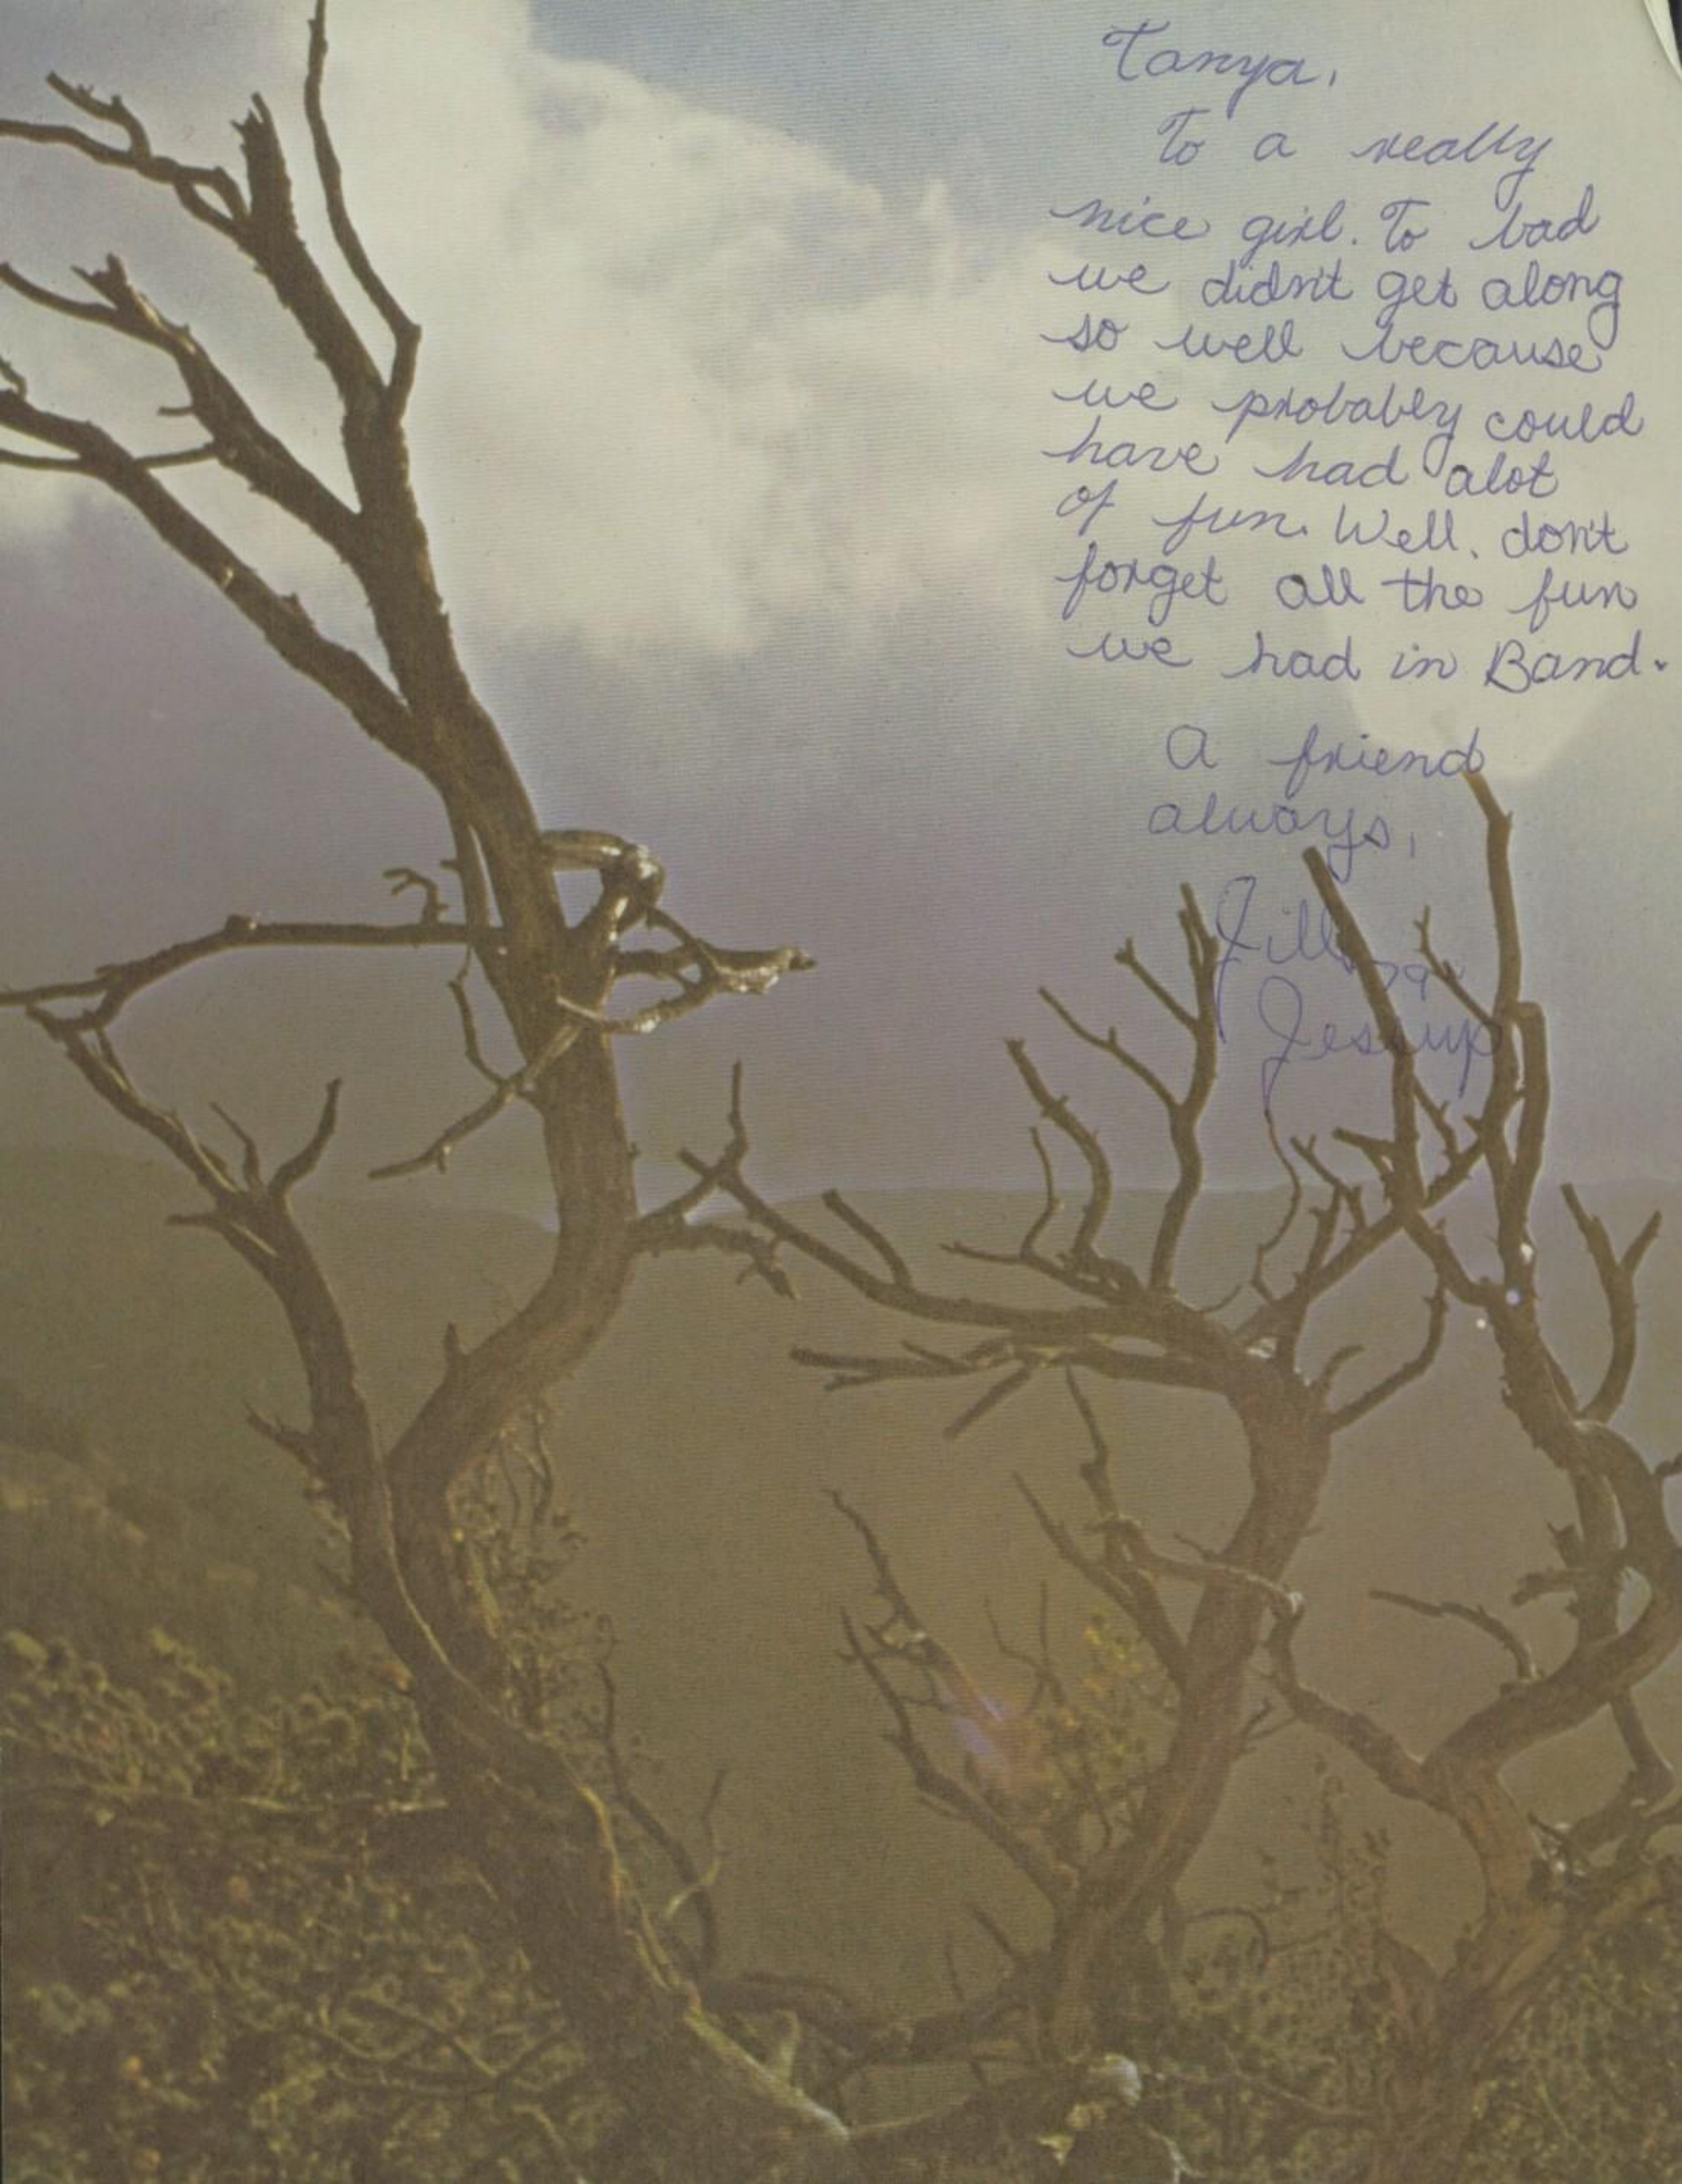

Here is a really sweet person whose I've enjoyed being around alot, and who I miss alot since you have moved away. Even though you're only thirty miles away I still don't get to see you very much. But someday we'll get together and we'll really have some fun. Even though when you lived up here I guess I didn't really know you all that well, it seemed like when you lived here that I knew you really well but since you've moved away I guess I don't, but I wish we could get together again and get to know each other better. I guess some things change as you get older.

I remember all the good times we had in the past when you lived here and also remember the bad ones too, cause then it makes the good ones seem 'great', and let's hope that in the future we'll have many more fun times together. I remember the great Midvale High School and especially remember me and our great friend Becky. Good luck in the future with everything you do and try your best to stay out of trouble. God bless, however,

B.D.

Maybe I'll finally get this annual to you someday because I've already had it for about three months. Someday I'll come down to Wisconsin especially to give it to you. Maybe you don't know it but you're privileged because I'll bring it special delivery. You better be glad you don't know me very well now because I think I'm getting stupider. You can probably tell by this letter I have just written. Oh well I guess you can't be serious all your life. But really you were a really good friend of mine and you always will be.

Love,
Louise

Tanya,

To a really
nice girl. To bad
we didn't get along
so well because
we probably could
have had alot
of fun. Well, don't
forget all the fun
we had in Band.

A friend
always,

Will
Jesup

Tanya, a nice
friend and a
former classmate. Don't
forget all the good times we
had before you left. Good luck
in the future and everything
you do especially with all
your wishes.
